MEMORANDUM FOR:

✓
ORR
Budget Div.

SUBJECT : IAC-D-77/4

Attached are copies of the Army and Navy replies to the draft of the Budget Analysis on Overt Intelligence Collection to be discussed at the meeting to be held with representatives from the IAC agencies, Wednesday, 16 February, at 10:00 in South Building. The State reply, which will be delivered later today, will concur in the draft with only a slight change. Although Air Force has not submitted a written dissent, I am quite sure that the Air Force reaction will be similar to the Army's and in part the Navy's, that is to abbreviate the answers to question 2 and question 3. I personally feel quite strongly that we should not delete the detail reflected in answer to question 2 concerning the PPO, [REDACTED] 25X1A problem and see no reason why the detail of paragraph 3 c should be deleted.
